Dear Sharon and David,

Thank you for once again letting your wonderful house contribute to the success of a Colgate University Santa Fe study group session. It was, as always, an interesting and challenging semester. Casa de Los Arboles provided us with a place to rest, recover from the field trips, and relax. We will both miss this house and remember it with sunshine in our hearts.

It was a pleasure to meet you, Sharon. We left you a separate note about the beautiful bird. Thank you again for the wine. David, internet access has been great since the new modem was installed. It made life much simpler.

May your family holidays be all you hope they will be - it's a great house for sharing.

We thoroughly enjoyed our stay in this lovely home; its surroundings, the beautiful art work inside, the lovely birds, and all the serenity.

Such easy access to Santa Fe's shops, restaurants, and all galleries, etc. - going back to the L. A. area is going to be very difficult - It has been a wonderful vacation!

P.S. I was raised in Artesia, N.M. - and this felt like home!

I'm one of the "6" with Sylvia and I too, thought the house, surroundings, and Rain were great. Thank you for a wonderful experience.

Dear Sharon & David,

What a wonderful stay we had at La Casa de los Arboles! Your home is perfectly situated and so comfortable - we didn't lack for anything. We loved the easy access for exploring the town and sampling the wonderful Santa Fe cuisine. BTW, our favorite restaurants were Aqua Santa, Geronimo, & the Inn of the Anasazi, but we also really enjoyed The Shed & Diego's Cafe for more casual fare. Equally accessible, were many wonderful hikes. As parochial New Yorkers, we had never imagined the incredibly varied terrain and the magical discoveries found on our hikes to Bandelier, Kasha-Katuwe, and, I think, most spectacular of all - the trek up to Chimney Rock at Ghost Ranch.

But best of all was coming "home"

to #02 for a little nap or at
the end of a long evening - just
relaxing in front of the fire with
a cup of tea or glass of wine,
soaking up the sunset, and feeling
blessed to be here. You have truly
found a little piece of paradise.

Thanks so much for sharing your
home with us!

few extra maps in the kitchen.
Perhaps you can use them??

Dear Florys -

This is our second sojourn here & we've thoroughly enjoyed. I can't imagine better views anywhere in SF!

Steve had several visitors from Texa (excluding the heat!) who shared our pleasure in sitting outside (can't do that in Texa in the summer!) and watching the sunsets.

Roger did a few jobs - it tooks - he re-glued the chair casters & fixed a couple of other small things around the house.

It's been a terrific summer - cool & wet - and we managed to revise our book manuscript.

We left a new remote for the VCR -
